THE REBEL AGREEMENT

All Rebels are asked to follow our basic Agreements. They provide a basis for trust so that both Rebels and the public know what we can expect from each other.

- 1) *We show respect to everyone - to each other, the general public and to anyone with whom we interact.*
- 2) *We engage in no violence, physical or verbal, and carry no weapons.*
- 3) *We hold ourselves accountable for our actions and do not hide from the legal consequences.*
- 4) *We bring no alcohol or illegal drugs.*
- 5) *We take responsibility for ourselves; we are all crew.*

We are here together until the Government acts on our four demands for necessary action on the climate and ecological emergency. This code aims to help us attract the many people we need to make this movement effective.
